

Orchidology

Cymbidium Near flowering Orchids

Actual orchids

We have the following cymbidium orchids available, these are 3 year old orchids and should flower for the next flowering season . Available in 12/14 or 15cm pots/baskets. Where we can we have provided potential progeny descriptions as well as a picture of the expected outcome, progeny could vary from what we describe depending on genes and variance somewhere in the parents ancestry . Many of the cymbidiums are first of their types and won't be found elsewhere . New seedlings will be added from time to time , please enquire at paul@orchidology.co.za or Joshua@orchidology.co.za / www.orchidology.co.za

Standard Type Cymbidium

Large type cymbidiums 9-14cm Flowers on tall stems 80-120cm +

2-3 year old plants

Growing Conditions

Cool Growing , Temperature 2-30 Deg

40% Shading. Grow potted in bark chips and peat medium

OS1905 Cym. (Sweet Spring x John Wooden) x (Cape Giant x Khan Flame)

Large Pink polychrome expected , large flowers
30 month old ,12cmpot , R150

OS1907 Cym. Cape Inferno x Finger of Suspicion

Expect dark to light pink with some spotting with a striking red lip.

Pics. Actual parent

30 month old ,15cmpot , R175

OS1910 Cym. Baltic Glacier ' Mint Ice' x (Darch Mousse 'Soft Pink' x John Wooden Beauty Beach')

The progeny should be productive plants ,floriferous with high flower counts and well shaped blooms. Whites through to greens.
30 month old ,12cmpot , R150

OS1912 Cym. Baltic Glacier ' Mint Ice' x Beau Guest 'Winng Post'

Concolour greens standards expected, some yellow and orange possible .Pics. Actual parents
30 month old ,12cmpot , R150

OS1918 Cym. Darling Chocolate x Kalahari Sunset

Chocolate coloured standard cymbidium x Kalahari Sunset which is a burnt orange std, large flowers , 20+ per stem. Expect the best of browns through to dark oranges.

30 month old , 15cmpot , R175

OS1917 Cym. Darling Chocolate x Cape Inferno

Chocolate coloured standard cymbidium x onto Maroon coloured standard cymbidium. Expect dark colour browns through to mahogany maroons. **30 month old ,15cmpot , R175**

OS1915 Cym. Darch Goshawk x Cape Inferno

Two striking parents , Yellow Gold x Dark mahogany .We are hoping for orchids with strong spikes , good flower count and wide range of colours .

30 month old ,15cmpot , R150

OS1919 Cym. Darling Chocolate x Ruby Flame 'Mary'

Chocolate coloured standard cymbidium x onto a productive intermediate pink with cupped pink shape blooms which are exceptionally long lasting. The progeny should be productive plants ,floriferous with high flower counts and well shaped blooms .Browns through to maroon shades expected.

30 month old ,15cmpot , R175

OS1921 Cym. Fifington x Paddy Mouse 'Heart Attack'

We are hoping for a good cymbidium for the potplant trade with bright yellow to orange colouring and not too large in growth habit.

30 month old ,15cmpot , R175

OS1922 Cym. Kalahari Sunset x (Copper Darling x Yowie Flame)

Kalahari Sunset is a burnt orange std, large flowers , 20+ per stem, x with a deep maroon standard. Expecting shade of orange through to dark maroons .

Pics. Actual parents **30 month old ,15cmpot , R175**

OS1923 Cym. Kalahari Sunset x Red Nelly ' Purple Satin'

Kalahari Sunset is a burnt orange std, large flowers , 20+ per stem, x with a deep maroon intermediate. Expecting shade of orange through to dark maroons .Pics. Actual parents

30 month old ,15cmpot , R175

OS1925 Cym. Moondust Perth x Beau Guest 'Glen'

Moondust is an arching/pendulous con-colour crossed with a standard green-yellow con-colour which we are hoping for a yellow green con-colour arching **30 month old ,15cmpot , R135**

OS1926 Cym. Moondust Perth x Beau Guest 'Winning Post'

Moondust is an arching/pendulous con-colour crossed with a standard Orange con-colour which we are hoping results in a peach to Orange con-colour arching cymbidium not to large and easy to handle pot plant . **30 month old ,15cmpot , R135**

OS1809 Cym. Maria Maria Conceição de Freitas
3 year old ,15cm pot , R150

OS1932. Cym. Valley Zenith x Cape Lands

We have used a good clone of Pauwelsii and crossed this onto falling passion . We are hoping to get shape and flower count improvement by using the Falling passion at the same time passing on alba genes to the progeny. Both parents are tetraploids. Pics. Actual parents
3 year old,15cm pot , R150

OS1817. Cym. Falling Passion x Beau Guest Passion
Beau Guest is a large standard with a concolour lip, lemon colour ,Falling Passion is an alba white . Progeny will be intermediate/standard types, white, yellows and greens, since both parents carry the alba traits many of the progeny should be albas. Should be a great cut flower or pot plant
3 year old,15cm pot , R175

OS1823. Cym. Kalahari Sunset x Darch Freak '
Dusty sunset brown , large long stems of 20 + , Progeny should be browns , orange through to pinks with some pelorics inbetween.
3 year old,15cm pot , R150

Pendulous Type Cymbidium

Smaller type cymbidiums, suitable for baskets, long sprays of pendulous flowers

3 year old in Hanging Basket , near flowering

Growing Conditions

Cool Growing , Temperature 2-30 Deg

40% Shading,

Grow potted in bark chips and peat medium

OS1816 Cym. Bellissimo 'Pure' x Emeralds and Rubies *Pendulous miniature cymbidium*

Both parents are pendulous one a concolour. Pendulous progeny expected , yellows through to green with some concolour lips
15cm Hanging basket R175

OS1902 Cym. Sapa Beauty x Beau Guest 'Glen' 3 year old,
Sapa Beauty is a lemon green pendulous with a sparkling red lip , flower count of 30+ blooms per inflorescence ,crossed with a standard con-colour green. We are hoping for arching greens with some red spotting on the lip and some con colours
15cm pot , R175

OS1903 Cym. Sapa Beauty x Pacific Sparkle

Expecting pendulous green to browns with dark lips, with high flower counts. Pics of expected outcomes
3 Year old ,15cm basket , R200

OS1904 Cym. Sapa Beauty x Emeralds & Rubies

Sapa Beauty is a lemon green pendulous with a sparkling red lip , flower count of 30+ blooms per inflorescence ,crossed with a small green pendulous with a dark red lip. Hoping for a small pendulous green with dark red lip.
Pics of expected outcomes . **3 year old ,15cm basket , R200**

**OS1927 Cym.
Moondust
'Perth' x
Devon Parish
4N**

Two outstanding pendulous crossed , we are hoping for yellow and white pendulous with a contrasting dark lip. Pics. Actual parents
3 year old ,12cmpot , R200

OS1934. Cym. whitea x dayanum

Two striking pendulous cymbidiums crossed, novelty miniature cymbidium hybrid. Flowers will be pendulous. Miniature cymbidiums. First of its kind . **3 year old ,12cmpot , R200**

**OS1928 Cym. Moondust 'Perth' x
Pepperpuss ' Lavenderfalls'**

Yellow pendulous x pendulous novelty , dark pink with a dark lip and spotting on petals. Hoping for pinks with spotting and red lip. Should make for an interesting novelty.
3 year old ,12cmpot , R200

**OS1909 Cym.
aloifolium x pumilum**

Two striking pendulous cymbidiums crossed, heat tolerant with novelty miniature cymbidium. Flowers will be pendulous. First of its kind.
3 year old ,15cm basket , R200

**OS1815 Cym. Baltic
Glacier 'Mint Ice' x
Falling Passion**

Baltic glacier always
gets 2 stems per bulb
and is fast growing
,Falling Passion
passion a pure white,
I hoping the progeny
will be intermediate
types, white, yellows
and greens, since
both parent carry the
alba traits many of
the progeny could be
albas

15-18cm pot

Flowering size R175
