

# Orchidology Cymbidium

## Seedling

### 2024 Q2

6-24 month out of flask

We have the following cymbidium seedlings available, our seedlings have been hardened off for a period of 6-24 months and are a cost effective way to build an Orchid collection . Available in 7.5/9cm/12cm pots. Cymbidiums should Flower in 1-3 years . Where we can we have provided potential progeny descriptions as well as a picture of the expected outcome, progeny could vary from what we describe depending on genes and variance somewhere in the parents ancestry . Many of the cymbidiums are first of their types and won't be found elsewhere . New seedlings will be added from time to time , please enquire at [paul@orchidology.co.za](mailto:paul@orchidology.co.za) or [Joshua@orchidology.co.za](mailto:Joshua@orchidology.co.za) / [www.orchidology.co.za](http://www.orchidology.co.za)

## Standard Type Cymbidium

Large type cymbidiums 9-14cm Flowers on tall stems 80-120cm +. See detailed description on last page of catalogue.

6 month old = +- 3 years to flower  
30 month = Near flowering size  
18 month old = +- 1-2 years to flower

### Growing Conditions

Cool Growing , Temperature 2-30 Deg  
50% Shading. Grow potted in bark chips and peat medium

### 2017 . Cym. Lovely Snow x Nancy Quach.

White standard crossed with White . Alba whites expected  
Pics. Actual parents **12 month old , R100**
