

Orchidology Seedling Catalogue

Our seedlings have been hardened off for 6-12 months and are ready for your collection. Time to flower is specified on each seedling, Where we can we have shown pics of parents or the outcome of the seedling crosses, because they are seedling crosses and not cloned plants the off spring can differ slightly from the pictures shown. Tolumnia , sarcochilus , dendrobiums and mini vanada's usually flower within 1-2 years where as Cattleya and cymbidiums can take 2-4 years
